Net Contents:

4 x 8.29 oz. Packets (4 x 235 gm Packets)

PROKōZ, Inc., Lake and Pond Dye SWS® (Water-Soluble Packets) is safe for use in bodies of water containing fish and aquatic species, water fowl, wildlife and pets. When colorant is used according to recommended rates, the colorant will not stain stone, fountains, approved aquatic features or swim wear.

APPLICATION RATES

Apply one (1) water-soluble packet per acre/foot* of water. Allow 3 to 5 minutes - once applied - for the packet to properly dissolve. An acre/foot of water can be determined using the following formula: Pond Length (ft.) x Pond Width (ft.) x Average Depth (ft) ÷ 43560 = Acre-Feet of Water. One acre-foot equals a volume of water covering one acre, one foot deep or approximately 208 ft. x 208 ft. x 1 ft.)

DIRECTIONS FOR USE

Determine the volume of water to be treated, then consult the "Suggested Usage Rates" chart at right, to determine the amount of colorant to use. If a darker or lighter color of water is desired, vary the rate accordingly. For best coverage, toss packet(s) at several locations around the body of water. It's that easy, and there's no messy clean-up or empty plastic bottles or containers for disposal.

PRECAUTIONARY STATEMENT

Do not apply this product to water intended for direct human consumption. Do not use this product in streams, rivers or other bodies of water which are not under control of the user. Only use this product in accordance with local, state and federal regulations. Colorant may be applied to areas used for irrigation.

STORAGE AND DISPOSAL

Dispose of in accordance with all applicable federal, state and local regulations.

IMPORTANT: Read the information below before using this product. If the terms are not acceptable, you should return the unopened product container immediately for a complete refund.

LIMITED WARRANTY, TERMS OF SALE, AND LIMITATION OF LIABILITY: Upon purchase, or use of this product, purchaser and user agree to the following terms: Warranty: PROKōZ, Inc. (the "Company") warrants that this product conforms to the chemical description on the label in all material respects and is reasonably fit for the purpose referred to in the directions for use, subject to the exceptions noted below, which are beyond the Company's control. The Company makes no other representation or warranty, express or implied, concerning the product, including no implied warranty of merchantability or fitness for a particular purpose; no such warranty shall be implied by law, and no agent or representative is authorized to make any such warranty on the Company's behalf.

Terms of Sale: The Company's directions for use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors such as weather conditions, presence of other materials, and the manner of use or application (including failure to adhere to label directions), all of which are beyond the Company's control. All such risks are assumed by the user.

Limitation of Liability: The exclusive remedy against the Company for any cause of action relating to the handling or use of this product is a claim for damages,

SUGGESTED USE RATES

AREA TO BE TREATED	PACKETS
1 acre foot/1234 m ³	1 PACKETS
4 acre feet/4934 m ³	4 PACKETS

*1 acre foot is a volume comprising 1 acre, 1 foot deep or 325,828 gallons

	FIRST AID
